

Call for Papers of the Proceedings "Landslides in cold regions under the context of climate changing"

Being approved by International Consortium on Landslides(ICL),ICL Landslides in Cold Regions Network (ICL-CRLN) has been formally established, and the First Meeting of ICL-CRLN and First Symposium on Landslides in Cold Regions were held in Harbin, China on July 23-27,2012. During the meeting, the "Constitution of ICL-CRLN "and "2012-2016 Action Plan of ICL-CRLN", and "Declaration of the First Meeting of ICL-CRLN" were discussed and approved, as the same time, the first Special Committee of ICL-CRLN and the official secretariat of the ICL-CRLN were also set up.

In order to carry out "2012-2016 Action Plan of ICL-CRLN", that is to summarize the study results of global landslides in cold regions, under climate change conditions to explore landslide mechanism, development process and evolution, and its impact on the environment, then to improve the human disaster resilience and to provide a reference of the disaster prevention for cold countries authorities and to provide clues and platform for ICL-CRLN research exchange and joint action. Special Committee of ICL-CRLN is going to publish full color proceedings "Landslides in cold regions under the context of climate changing" with Springer. The proceedings will not charge any fees to the author.

The proceedings will include research results on landslide mechanism, development process and evolution, and its impact on the environment, as well as thematic studies and case studies and so on.
