

Programme of ICL

ISDR-ICL Teaching Tools

Kyoji Sassa

Executive Director

International Consortium on Landslides (ICL)

Outline

- ◆ **Copyright and Responsibility for each teaching tool.**
- ◆ **ICL called for contributions and compiled the accepted teaching tools. Copyright and responsibility for the content of each tool lies with its contributing organization. Each tool may be updated by the contributing organization.**
- ◆ **The Teaching Toolbox contains 6 parts:**
 - 0. Handbook part (Definition of Landslides and other basic knowledges, Summary of 1-5) written by Editorial Board**
 - 1. Mapping and Site Prediction**
 - 2. Monitoring and Early warning**
 - 3. Testing and Numerical Simulation**
 - 4. Risk Management and Others**
 - 5. Country Practices and Case Studies**
- ◆ **The Teaching Toolbox contains three types of tools.**
 - 1. TXT-tools consisting of original texts with figures.**
 - 2. PDF-tools consisting of already published reference papers, manuals, laws, and all supporting materials.**
 - 3. The third type are PPT-tools consisting of Powerpoint® files made for lectures.**
 - 4. Video-Tools**

Identifiers used for each tool

The identifier of each tool consists of three parts:

- 1. the number of the part of the tool box in which it appears (Parts 1 to 5);**
- 2. the country telephone code and an assigned unique number for each contributing organization.**
- 3. the last part of the identifier is a consecutive number assigned to the teaching tool by its contributing Organization.**

Example Teaching Tools

TXT-tool 1.886-1.1 Landslide Susceptibility Mapping

Part 1 (Mapping and Site Prediction), contributed from Chinese Taipei (886), by the National Taiwan University (1), and is their TXT-tool number 1.

ISDR-ICL Teaching Tools

Total 1000 pages TEXT tools is planned.

1. Abstract submission and planned pages of each tool.

by **30 June 2015**

2. One tool is 10-20 pages

3. Submission of TEXT—tools, PPT and Video—tools:

by **30 November 2015**

One page abstract of PPT—tools and Video—Tool must be submitted to include it in Text—Tool.

4. Review, Revision, and Edition by Teaching tool meeting on 8 March 2016, Kyoto, Japan

5. Reporting it in BOR (9-11 March 2016) and uploading within 2016.

6. Another 1000 pages will be made in the second stage during the Sendai Partnerships 2015-2025.

Distribution of Teaching Tools

1. Token of Teaching Tools will be distributed to **all ICL members** and ***16 Sendai partnerships*** partner organizations free of charge (100 Token)
2. Another 100-200 Token will be distributed to active and competent organizations which can use teaching tools effectively free of charge.
3. All those organizations which have received are published in ANNEX-2 to Sendai Partnerships as well as ANNEX-1 ICL members which are updated every year.
4. ICL Networks (9), WCOEs (15), Each member are requested to recommend any candidate in developing countries and review its activities.
5. Whether they can use effectively those tools, whether they will refer the ISDR-ICL landslide tools properly in their publication and their presentation will be examined. Then, conditions to provide Token to developing countries will be modified in an effective way.

Conditions to provide Teaching Tools

1. Each organization should use the teaching tools for landslide disaster risk reduction activities.

(NOT to store it without any use)

2. Each organization should refer the teaching tools properly in publication and PPT presentation.

(Some may present the content of Teaching Tools as their ownwork in their reports, and presentation).

3. Each organization should not use commercial purpose, namey NOT to sell the downloaded teaching tools to others.

Each ICL member/network/WCOE are requested to find good organizations, cooperate and supervise them by creating its network.

Distribution of Token to Access Teaching Tools

- ◆ TEXT-tools and PDF-Tools will be distributed by Publisher.
- ◆ Sale price will be 429Euro (e-book or print) and 539 Euro for both.
- ◆ ICL will initially purchase 300 token and distribute to all ICL members and competent non-ICL organizations working for landslide risk reduction in developing countries free of charge.
- ◆ ICL members are requested to recommend competent non-ICL organizations whom ICL members may cooperate and support their understanding and application.
- ◆ PPT-tools and Video-tools are distributed to ICL members only free of charge from ICL-WEB. These two tools will be ICL Internal Use only. Let us cooperate to develop capacity of each ICL member and to put its activities to a higher level.
- ◆ Each member must refer and acknowledge it properly.
